#### The World Awards for Body and Facepainting Artists

The **World Bodypainting Festival** from July 12 – 18, 2010 is the meeting place for the bodypainting world. For a decade now artists from up to **40 nations** have travelled to the small town of Seeboden in the South of Austria to be a part of this event.

The festival builds up over a week with three final main days in the "Bodypaint City", July 16 - 18, hosting the World Championships. Artists paint directly on the festival site where their living artworks are then presented on stage with **spectacular shows**, sometimes including the most amazing special effects.

Around **25.000 visitors** enter the festival grounds and enjoy the atmosphere of live music, international show acts, multicultural cuisine and living art.

Several hours of extreme concentration are required from the artists, as well as a lot of patience from the models! The painted bodies will be presented to the audience and to the judges. During the presentation, spectacular shows will astonish the visitors!

There will also be the night contest in Bodypainting, the '**World Fluoro Award**'. Fluorescent colours will be used and the models will glow and shine by using ultra violet lights all around the stage. Spectacular effects and performances are guaranteed.

The daily program for the **main days** will be enlivened by a variety of show events, colour-performance, multimedia-shows, fantasy fashion-shows, styling-shows, live music from all over the globe with Culcha Candela, Dr. Alban, Millions of Dreads, Loonaloop Australia, Golden Sounds UK, Skaptunig or Serve Chilled and several **DJ Acts as Ministry of Sound London, plus the RB Music Academy as well as the ForceFM DJ Contest** and many more.

The festival week finishes off with an explosive awards ceremony on Sunday night for the new World Champions, followed by massive music synchronised fireworks and an after show party supported by international DJ's.
