	Peter Turkson are discussing
01:03:39:24	Black
01:03:44:24	Martha Veronica Rocha (Nicaragua), Winner Energy Globe World Award (Spanish) <i>„Mucho problema...esso problema“ (SPANISH)- translated „The inspiration of the project was the fact, that they wanted to support the Nicaraguan woman, because they really have a hard life and it is the sun actually who solves a lot of problems for this woman“ (25)</i>
01:04:10:14	Rosemary Charalambous (Cyprus) Winner of the Energy Globe Award „Youth“ (English) <i>Cyprus is a small island, we never expected this. But I will have to say, that it will give us great emphasis to move forward to expand, carry on, because when you get the oxygen of publicity than you can use it to really move forward“ (19)</i>
01:04:30:00	Wolfgang Neumann (Austria), Founder of the Energy Globe Foundation (ENGLISH) <i>“I think one of the most important things is that you believe on such a thing. And on the other side you have to be a big idealist and this two components I think are responsible that you have success and today you know we are in more than 160 countries and that makes very proud.” (20)</i>
01:04:50:24	Wolfgang Neumann (Austria), Founder of the Energy Globe Foundation (German) <i>„Ich glaube grundsätzlich einmal muss man an eine Sache glauben und letztlich glaube ich findet man dann Partner, findet ein Netzwerk, das wie ein Lauffeuer zu brennen beginnt, aber es braucht natürlich Initialzündung, denn es ist einfach verbunden mit dem ehrlichen Bemühen von uns, und das ist eigentlich die Basis für den Erfolg“ (30)</i>
01:05:20:24	Francesca Mancini (United Kingdom) (English) <i>„I am so happy, so glad and I will like to say thank you to the Energy Globe Awards always, because for me it is very important, very important“ (11)</i>
01:05:32:19	Johann Mörwald (Austria), Winner of Energy Globe Award „Fire“ (German) <i>„Die Natur hat 5 Millionen Jahre gebraucht, um aus den Algen Öl zu erzeugen, wir in unserem System schaffen das in 14 Tagen, das heisst wir erzeugen dasselbe Öl, die gleiche Qualität und können all diese Wertstoffe daraus gewinnen und das ist unser Markt“ (15)</i>
01:05:48:04	Wilfried Haslauer Regional Governor of Salzburg (Austria) (German) <i>„Die Energiewende ist natürlich für uns ein Riesenthema, ein Zukunftsthema, und wir sind ja da sehr erfolgreich derzeit sind 44 aus erneuerbaren Quellen unseres Energieverbrauchs und wir wollen das steigern jetzt auf 50% in kurzer Zeit und dann 2050 absolut energieautark sein und das bedarf mehr als nur technischer Massnahmen, das bedarf einer Bewusstseinsänderung und da hat der Energy Globe natürlich eine ganz, ganz wichtige Aufgabe.“ (29)</i>
01:06:17:24	Wilfried Haslauer Regional Governor of Salzburg (Austria), (ENGLISH) <i>„The questions of climate protection and the energy polycys are on top of our agenda and thats why we are very happy and proud for tonights award to be held in Salzburg and this award was founded to promote awareness of the necessity of energy efficiency and a new energypolitic. I think it ´s a very good thing for Salzburg“(32)</i>
01:06:50:16	Joe Risico (USA) Winner of the Energy Globe Award „Earth“ (English) <i>„It ´s truly overwhelming and amazing every time we get the opportunity to be honored especially by an organisation like Energy Globe we jumb. It is really wonderful for us.“ (13)</i>

01:07:03:22	Franz Fischler (Austria), President European Forum Alpbach (English) „The Energy Globe demonstrates how much innovation is going on all over the world and the same time it is necessary to award a good idea cause this is the best way to communicate them.“ (18)
01:07:22:08	Cardinal Peter Turkson (Ghana) (English) <i>„We try to make use of everything which is in creation on earth to use, but at the same time the concern is that in using that, we don´t abuse the elements we use for our own wellbeing, part of it can be mineral, can be energy, can be everything“ (20)</i>
