10:00:00	Start, Impressions	
10:00:26	Voice Over Start, Impressions	Nestled just behind the mountains bordering Slovenia and Italy in the majestic natural paradise of Carinthia, Southern Austria, is the beautiful Lake Wörthersee. This lake has something to offer for everyone and every season: the wonderful landscape, peaceful relaxation, Carinthia's southern regional temperament, diverse cultural events, and pulsing night-life.
10:00:45	Impressions	
10:01:45	Voice Over, Impressions	Lake Wörthersee is the heart of the region, 17 km long and in summer as warm as 27 degrees Celsius. It is surrounded by both picturesque and glamorous places, exuding tradition, romance, lust for life, and even Hollywood-flair.
10:01:59	Impressions	
10:02:28	ITV Christian Kohlund	"even if I travel the world with the TV-series "Traumhotel" – my own vacation, I would spend here rather than selling it as a dream"
10:02:36	ITV Barbara Wussow	"coming here to visit friends who have marvellous houses here, and swimming in the turquoise water – it's just unbelievable!"
10:02:48	Impressions	
10:02:58	ITV Lara Joy Körner	"ah, the great thing here at lake Wörthersee is to spend your time during non-filming periods, just be in the sun, go water-skiing, just enjoy the quality of life here"
10:03:04	Impressions	
10:03:24	ITV Udo Jürgens	"this is a paradise here! Everybody knows to come here to have a holiday that can't compare with THIS! I spend my time here and I have a fantastic time!"
10:03:35	Impressions	
10:03:40	ITV Uschi Glas	"it's just fantastic, even if you are here for work, you always have the slight feeling of being on vacation, of having fun, enjoying life – that's a nice thing!!
10:03:55	Impressions	
10:04:02	Voice Over, Impressions	The peaceful inspiration of this region is beyond comparison. It has attracted such prominent guests as Johannes Brahms and Gustav Mahler, who composed several of their immortal pieces of music here. Thriving tourism, a booming economy and some help from the film industry have turned Lake Wörthersee into the "Austrian Riviera".
10:04:19	Impressions	

10:04:27	ITV Peter Kraus	"this was my family's first destination for a holiday after the war... it was really extraordinary. Almost like being at the seaside, in the South, it was wonderful and I love thinking back to that time"
10:04:40	black-white Clip	
10:05:40	Basejump Felix Baumgartner	
10:06:29	Impressions	
10:06:33	Voice Over, Impressions	The Schlosshotel Velden is the top address in Southern Austria: 5 stars and an unforgettable history of more than 400 years. Queen Mary, the Duke of Windsor Omar Sharif – and in the 60s Playboy Gunther Sachs all enjoyed time here. And since the success of the TV-series "Ein Schloss am Wörthersee", the word "Schlosshotel" has become synonymous with "high society" and is now famous throughout the world.
10:07:11	Impressions	
10:07:28	Voice Over, Impressions	The banks of Lake Wörthersee have often attracted popular show-business personalities. A Villa near the lake is a "must-have". The billionaire Heidi Horten lives here and it was at Lake Wörthersee where she got to know her future husband, the German "King of Shopping Malls," Helmut Horten. But there are some houses that are even more expensive than theirs... The most exclusive real estate on the lake is the Villa of Ingrid Flick – and dozens of other VIPs have their elite properties here. Extravagance and noblesse are the hallmarks of Lake Wörthersee.
10:07:04	Impressions	
10:08:34	Voice Over, Impressions	The turquoise colour of the water is not the only beauty mark of the lake. Named after the lake, the typical local architecture can be described as a mixture of Jugendstil, country-house, regional-romantic and baroque. Franz Baumgartner was the patron of Lake Wörthersee Style, which still defines the charming character of the region even today.
10:08:57	Impressions	
10:09:08	Voice Over, Impressions	IN the lake, you can swim and scuba dive... ON the lake, you can go sailing, rowing, even canoeing... but perhaps the activity which best illustrates the lake's society lifestyle is driving a motorboat. Due to environmental pollution control, licenses are extremely limited, and are therefore in great demand. Some even consider these motorboat licenses an even more stable investment than many stocks...
10:09:35	Impressions	

10:09:53	ITV Otto Retzer	"and now, we are in the centre of Klagenfurt, at the famous Wörtherseemandl. The legend says that it's his fault that we have the lake today. Many years ago, the people here in Klagenfurt partied too much and he got angry. So angry, that he flooded all of Klagenfurt and its surrounding areas... and that's our lake today. Obviously, the plan didn't work... Today, people around the lake party even more!"
10:10:14	Impressions	
10:10:35	Voice Over, Impressions	Because the Lake's visitors and locals alike really know how to celebrate, it's no surprise that on Lake Wörthersee, one cultural event follows the other. The variety of what's offered here is astounding: Starnacht, the Beach Volley Ball World Tour, Ironman Austria, Fête Blanche and Klagenfurt's Altstadtzauber are just a few of the highlights. If one only witnessed the tranquillity of daytime and early evening, he or she might never believe that last night's party lasted until morning or that perhaps tomorrow, a spectacular Sports event will take place. The season starts around the 1st of May with the Wörthersee Opening and closes with the Veldener Advent. There are also many smaller side-events going on which are worth seeing as well - a wonderful mixture of international culture, local tradition and exciting sports.
10:11:24	Impressions	
10:11:29	ITV Ruth Salmina	"I live here with my family all year-round and of course we enjoy the highlights of all seasons. Frankly, I must say that late summer is my favorite time of the year, when the region calms down and has its most beautiful light. If your head is really full, you only need a few minutes near the water to recharge your batteries"
10:11:45	Impressions	
10:11:53	Voice Over, Impressions	<p>The Wörthersee region has countless species of birds and dozens of fish varieties. The lake itself boasts drinking-quality water. There is just no doubt why so many people come to enjoy what is known as "the most beautiful bathtub in the Alps."</p> <p>Lake Wörthersee is an exciting and colourful hotspot of pure vitality and unique beauty - an incredibly charming, wonderfully maintained and beautifully preserved natural paradise.</p> <p>Composer Gustav Mahler, who lived at Lake Wörthersee for seven summers in the early 20th century, very accurately and poetically described the feeling here when he said:</p> <p>"You don't compose here, you are BEING COMPOSED by the beauty and dimension of nature..."</p>
